THIS IS A SUB-HEADING

(font-family: Overlock
font-size: 32px)

This is an example of a Paragraph. The font used for the Heading and Sub-Heading was chosen because it has a clean appearance even with all uppercase characters. Letter-spacing will be used to help with making the letters less crowded overall. Open Sans was chosen for the paragraph text for the same reasons; clean appearance with easy readability. The main color for all typography will be #DADADA to allow for **hover/focus/active** effects while still being easy to read.
